Subject: RE: Speed Sensing Signs - FORYD ROAD & TOWYN ROAD - QUOTE

Good Morning,

We had discussions regarding this last week internally, it is currently with ERF Debtors and I am hopeful an Invoice will be with you soon – apologies for the delay thus far.

FYI – the Street Lighting Team saved on connection costs during the installation, see below :

“Street Lighting have confirmed there was a saving of £2491.87 on the original quoted installation costs from August.

Therefore the new total for the installation is now £4,573.32 (not £7,065.19)

*The total owed by the Town Council for these works is now NET - **£11,573.82**”*

Thanks Dylan - Merry Christmas and a Happy New Year from us also.

Cheers

Richard John Horace Roberts
