Hi Dylan,

Just need to confirm a way forward with Tir Prince and the rest of TKB play areas.

Tir Prince play area:

I am seeking quotes for the following:

Drainage system

Surfacing under the outdoor gym equipment

Removal of the steel skate park.

Chester Avenue:

I am seeking quotes for the following:

Replace climbing walls on Space Ship climbing frame

New promenade recreation area:

There is potentially £50k from the flood defence work to fund a new recreation area on the promenade in Kinnel Bay.

The above is for reference only and doesn't show the exact size.

Options:

1. Play area consisting of a wooden adventure trail and some inclusive play equipment
2. Small concrete bowl skatepark (will possibly need additional funding)
<https://maps.app.goo.gl/Nuqia49deEQEmE7L6>
3. Cross training outdoor gym (see attached)

We could do with a public consultation as to what is preferred.

Is there anything I have missed from the meeting?

Are you planning on submitting a Pride in Place Impact fund application for any improvements to play areas?

Kind regards

Dave

Hi Dylan,

Apologies for the delay in replying. I have just been very busy with grant funded project work that have had some very tight deadlines.

I am free any date after the 6th March 2026 so will be able to fit around you.

Kind regards

David
