

Column 1	Do you currently use Ffordd Y Berllan Field? please state reason	How often do you visit Ffordd Y Berllan Field	Would you support the creation of a secure, fenced dog exercise area in this field?	What benefits do you think a designated dog area would bring?	Are you concerned about any potential issues with the proposed dog area?	Do you currently use this field for your child(ren) to play or engage in sports/activities?	Would you feel comfortable with a designated dog area being located within the same field, subject to it being securely fenced and separate from children's areas?	What concerns, if any, would you have as a parent/guardian about the dog area being located in the same field? (Select all that apply)	What measures would make you feel more comfortable as a parent about the proposed dog area?	Any additional comments or suggestions?
1	Dog walking;	Daily;	Yes	Safer environment for dogs to run off-lead; Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management; Encourages responsible dog ownership;	No concerns;	Never	Yes	None;	Strong, high fencing	It's a brilliant idea for the dogs! Hardly any areas where they're not allowed due to children, so let's provide the pets with a safe area without the need for conflict regarding shared spaces.
2	Dog walking; Children's play; Walking ;	Daily;	No	none;	No concerns; more waste of tax payers money ;	Occasionally				This is non-issue and is not required
3	Dog walking; Children's play; Walking ;	Daily;	Yes	Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management;	Smell or hygiene;	Yes, regularly	Yes	Increased dog fouling near play areas; Dogs escaping the fenced area;	Regular maintenance and cleaning	My main concern would be that it will attract more dog owners which will lead to more dog fouling in the area.

4	Dog walking;	Daily;	No	I don't think there would be any benefit to segregation, as the use of the park by children is minimal. All the years I have been walking my dog on the field (on & off the lead) there has been no issues with the children that play football there, and only minimal issues with other dogs & dog owners. I think time, effort & money could be	I've never known any potential issues whilst I've been using the field. It has worked well with dog walkers & the children that sometimes use the goals to play football. If it's not broken, don't try to fix it.;	Never		None;		I think that there is no issue here & money could be spent elsewhere. However, as I said previously, there is one resident who regularly lets his dogs foul & will not pick it up.
5	Dog walking; Children's play; Socialising or picnicking; Sports or recreational activities; Walking; Exercise or jogging;	Daily;	Maybe	Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management; Encourages responsible dog ownership;	The area on the map is confusing to me. You can't read the labelling. It's unclear where you want the dog exercise area to be. ;	Yes, regularly	Yes	None;	Separate entrance for dog area	It's a shame that the focus on the field is around the dog users and not the children. I'm a dog owner and we use the field daily. I am also a parent who has lived here since the start of these builds. What we have lacked since the get-go is somewhere for the children to play. I.e. a park. A park would be ideal for them. I don't understand the reasoning for never having one built in the first place, as all housing developments have one nearby. We have a lot of children in the area. Football posts aren't the answer. It's the children who need a fenced-off area and a park to play in, not the dogs. So maybe focus on that, as I'm sure many parents would love for their children to go and play safely, as the nearest park is over a mile away.
6	Dog walking;	Daily;	No		The park is ok as it is;	Never	No			I believe that you are wasting money on something that has worked since we moved here 7 years ago! There is only 1 dog owner that is known not to pick up after their dog and to be honest, I don't see many children actually use the park as a play area! I use it everyday for dog walking whether passing through or dog play! How about using the money for something that actually needs money like health services or road resurfacing!
7	Dog walking	Daily	Yes	Safer environment for dogs to run off-lead	No concerns	Yes, regularly	Yes	None	Separate entrance for dog area	

8	Children's play;Dog walking;Walking	Daily	Yes	Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management;Encourages responsible dog ownership	Smell or hygiene	Yes, regularly	Yes	Dogs escaping the fenced area; Dogs being walked off-lead outside the enclosure;Increased dog fouling near play areas;Dog owners leaving mess in area. Would suggest it being a fineable offence to leave dog mess in or out of area. And being enforced	Clear distance between dog area and play area	I have children who use the area and a dog. I feel it would be beneficial, hopefully it will address some of the issues about dog mess being left where the children are playing.
9	Dog walking;Walking	Weekly	Yes	Safer environment for dogs to run off-lead;Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management;Social interaction for owners and dogs	If more than one dog is using the designated area it could pose a problem with negative dog interaction/aggression & at worst, the dogs could fight.;Noise					Whilst some of the focus of this subject is regarding "responsible dog ownership", what about responsible parents of children?? There is a small "recreational/green" area directly opposite Llys Emlyn in Towyn, close to the field in your survey - it is being ruined, particularly the trees, by unruly children, branches snapped off, used to "bash" the other plants then thrown in the air, not caring if they hit residents cars!!! Absolutely disgusting children behaviour, the parents need to be advised how their children should respect nature & the plants/trees we have. If you visit the area, you will see numerous branches strewn on the grass, hence my comments above are 100% the truth!! Whilst it is important for pet owners to know how to behave with their dogs, parents need to teach their children how they should behave in public.

10	Sports or recreational activities;Walking	Daily	Yes	Safer environment for dogs to run off-lead;Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management;Encourages responsible dog ownership	Impact on other park users	Occasionally	Yes	Dogs escaping the fenced area; Dogs being walked off-lead outside the enclosure;Increased dog fouling near play areas	Separate entrance for dog area	
11	Walking	Occasionally	Yes	Safer environment for dogs to run off-lead;Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management;Encourages responsible dog ownership;Social interaction for owners and dogs	No concerns	Occasionally	Yes	Dogs being walked off-lead outside the enclosure;Increased dog fouling near play areas;Dogs escaping the fenced area	Strong, high fencing	

12	Walking	Daily	No	None	Noise;Smell or hygiene	Yes, regularly	No	Increased dog fouling near play areas;Noise or distraction during play; Dogs being walked off-lead outside the enclosure	None	I am writing to formally raise a complaint regarding the newly designated dog walking area located directly behind our garden. Since you have chosen this area which is a well established with trees and a lovely grass with abundance of wild life, we for sure will experience significant increase in noise levels “dogs barking “throughout the day, which will disrupted our peace and quiet we once enjoyed in our garden. In addition, dog owners are frequently failing to clean up after their pets, leaving dog waste behind we see regularly,This not only poses a health hazard but is also deeply unpleasant for nearby residents. The change will have a noticeable impact on me and my family’s well-being. The noise and mess will have considerable stress, affecting our mental health and overall quality of life. Our garden, once a peaceful retreat, now it will feel like an extension of a busy noisy park. We kindly request that steps be taken to either relocate the dog walking area or implement stricter enforcement around noise control and waste management. We also urge the council to consult local residents when making decisions that affect the character and tranquility of our community. Thank you for your attention to this matter. I look forward to your response and a prompt response.
13	Children’s play;Walking	Weekly	No		Smell or hygiene;Impact on other park users;Noise	Yes, regularly	No	Dogs escaping the fenced area; Dogs being walked off-lead outside the enclosure;Increased dog fouling near play areas;Dog owners don't pick up their dog waster around the residential areas. They also let their animal poo in people gardens. Why would they look after an area design for dogs when they are not responsible for their animal the in the local community	CCTV so owns not acting responsible are find.	
14	Walking	Daily	No		Noise;Smell or hygiene;Impact on other park users;It is close to my property and I was not even sent a letter regarding the proposed dog exercise area. I fell	Yes, regularly	No	Dogs being walked off-lead outside the enclosure;Increased dog fouling near play areas;Noise or distraction during play;Dogs escaping the	A fence between my property and the dog area	I feel that my My property would be the most affected by this proposed dog area. I feel that my concerns are justified. Also I would like to be informed of any decision. Regarding Ffordd YBerllan field in the future. I would not have known about this proposal if someone from Ffordd YBerllan had not shown me the letter.

15	Walking	Several times a week	Maybe	Social interaction for owners and dogs	Smell or hygiene	Never	Maybe	I am not a parent	Clear distance between dog area and play area	
16	Exercise or jogging	Daily	No	None of those	Waste of money	Never	No	Dogs being walked off-lead outside the enclosure;Increased dog fouling near play areas	None	Money should be spent on pot holes in our local area.
17	Walking	Several times a week	Maybe	Reduced conflict between dogs and children/other park users; Safer environment for dogs to run off-lead	Impact on other park users	Never	Yes	Dogs escaping the fenced area;Increased dog fouling near play areas	Clear distance between dog area and play area	
18	Dog walking	Several times a week	Maybe	Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management	Smell or hygiene;Impact on other park users	Rarely	Yes	None	Clear distance between dog area and play area	
19	Exercise or Jogging, Socialising, Walking	Occasionally	Yes			Yes, regularly	Yes	Dogs being walked off lead outside the enclosure,Increased dog fouling near play areas	Clear distance between dog area and play area, sepaerate entrance for dog area.	
20	Walking	Daily	Yes	Improved cleanliness and waste management	No concerns	Never	Maybe		Clear distance between dog area and play area	Some flower beds would be good
21	Walking	Weekly	Yes	Encourages responsible dog ownership	No concerns					Flower beds
22	Sports or recreational activities	Weekly	Yes	Safer enviroment for dogs to run of lead, Reduced conflict between dogs and children/field users, improved cleanliness, encourages responsible dog ownership						

23	Sports or recreational activities	Weekly	Yes	Safer enviroment for dogs to run of lead, Reduced conflict between dogs and children/field users, improved cleanliness, encourages responsible dog ownership						
24	Dog walking		No							I am astonished that this plan is being proposed. The person who proposed this plan clearly has not observed this field because if they did they would know dog walkers use the outside edge of the field and the play area for the kids is already out of bounds for people that walk dogs. This plan is another waste of money that does not need doing. Residents I have spoke to are against this plan. They would rather see a street sweeper in the street rather than the residents having to do the job of highways. Please stop interfering where it is not wanted.
25	Dog walking	Several times a week	Yes	Safer environment for dogs to run off-lead;Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management;Enco urages responsible dog ownership;Social interaction for owners and dogs	Smell or hygiene	Never	Yes	None	Separate entrance for dog area	

26	Exercise or jogging	Several times a week	Yes	Safer environment for dogs to run off-lead;Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management;Encourages responsible dog ownership;Social interaction for owners and dogs	No concerns					I think it's a great idea and have no objections
27	Dog walking	Daily	Yes	Safer environment for dogs to run off-lead;Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management;Encourages responsible dog ownership;Social interaction for owners and dogs	No concerns	Never	Yes	None	Strong, high fencing	

28	Dog walking;Children's play;Walking	Weekly	Yes	Safer environment for dogs to run off-lead;Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management;Encourages responsible dog ownership;Social interaction for owners and dogs	No concerns	Rarely	Yes	None	Strong, high fencing	
29	Dog walking	Several times a week	Yes	Safer environment for dogs to run off-lead;Reduced conflict between dogs and children/other park users; Improved cleanliness and waste management;Encourages responsible dog ownership;Social interaction for owners and dogs	No concerns	Never	Yes	None	Strong, high fencing	
30	Walking	Daily	Yes	Safer environment for dogs to run off-lead	No concerns	Occasionally	Yes	Noise or distraction during play	Clear distance between dog area and play area	
31	Socialising or picnicking	Occasionally	Yes	Safer environment for dogs to run off-lead	No concerns	Never	Yes	None	Strong, high fencing	
32	Dog walking	Daily	Yes	Safer environment for dogs to run off-lead; Improved cleanliness and waste management	No concerns	Yes, regularly	Yes	None	Strong, high fencing
