

| <b><u>LOCATION</u></b> | <b><u>REASON FOR PROPOSED CHANGES</u></b>                                                                                                                                                                                                         | <b><u>COMMENTS &amp; FEEDBACK</u></b> |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------|
| GAINGC ROAD            | North Wales Police have requested changes to Gaingc Road and Sandbank Road restrictions as parking on those streets in narrow stretches can cause an obstruction all year round. Maes y Llan included due its proximity, to maintain consistency. |                                       |
| SANDBANK ROAD          | North Wales Police have requested changes to Gaingc Road and Sandbank Road restrictions as parking on those streets in narrow stretches can cause an obstruction all year round. Maes y Llan included due its proximity, to maintain consistency. |                                       |
| MAES Y LLAN            | North Wales Police have requested changes to Gaingc Road and Sandbank Road restrictions as parking on those streets in narrow stretches can cause an obstruction all year round. Maes y Llan included due its proximity, to maintain consistency. |                                       |
| ST ASPAH AVENUE        | Proposed changes at St Asaph Avenue are a consequence of road layout changes carried out for flood defence works, works are ongoing and having obtained planning approval.                                                                        |                                       |
| THE SQUARE             | General disabled parking bays proposed at The Square (South West) following a councillor's request.                                                                                                                                               |                                       |
| PARK AVENUE            | Parking restrictions on residential streets at Horton's Nose, Park Avenue, Gwellyn Avenue and Holywell Crescent Kinmel Bay are proposed to prevent visual and/ or physical obstruction at the junction areas.                                     |                                       |
| GWELLYN AVENUE         | Parking restrictions on residential streets at Horton's Nose, Park Avenue, Gwellyn Avenue and Holywell Crescent Kinmel Bay are proposed to prevent visual and/ or physical obstruction at the junction areas.                                     |                                       |
| HOLYWELL CRESCENT      | Parking restrictions on residential streets at Horton's Nose, Park Avenue, Gwellyn Avenue and Holywell Crescent Kinmel Bay are proposed to prevent visual and/ or physical obstruction at the junction areas.                                     |                                       |
