CCBC

Thankyou for the prompt Dylan, as always on my to-do list.

So cameras went live on July 24th. 1 years contribution is £561 = £46.75 pcm (sorry wrong figure quoted in below email trail)

If we start from 1st August this would be $46.75 \times 8 \text{ months} = £374$ for the remainder of this year please.

Is this feasible please for TC, it would then be invoiced going forward along with your other cameras for 27/28

Regards Emma
