

KENDAL ROAD

Column 1	How often do you visit Kendal Road Park?	Would you support the creation of a secure, fenced dog exercise area in the park?	Do you have any concerns about the proposed dog exercise area?	Do you feel a dog exercise area would be a positive addition to Kendal Road Park?	Do you currently use this park for your children to play in?	Do you feel comfortable with a designated dog area being located within the same park, subject to it being securely fenced and separate from children's areas?	Please put below any questions, concerns that you may have regarding the proposed project:
1	Daily	Yes	Impact on other park users	Yes	Occasionally	Yes	
2	Daily	Yes	Cleanliness	Yes	Rarely	Yes	
3	Daily	No	Impact on other park users	No	Yes	No	* A complete waste of money. * Rarely see any dogs playing on the field. * It would be more positive to make a children's play area larger than restrict dog walkers and there dogs to a area.
4	Daily	No	Noise	No	Never	Yes	Incredibly close proximity to my house, the increase level in noise, the new lack of privacy, no mention of who, when or how it will be monitored Dog waste bins are rarely emptied in Kinmel Bay as it is so I have concerns regarding the smell and cleanliness. People do not always clear up after their dogs so it will become a miniature field of dog excrement. I lived at Trem Elwy from 1999 - 2018 then moved to another property in Trem Elwy 2018 to now - you might not be aware that reason that the corner section of the field was left to overgrow was to combat the antisocial behaviour issues that we had a few years ago there and now you want to potentially reinstate them?
5	Daily	No	Impact on other park users	No	Never	No	This proposed idea is located directly next to my house. Would the site be kept monitored and clean with no over filling poo bins, the bins are very rarely emptied in Kinmel bay, would it be 24hr access? People would just use the site to let their dogs poo and not clean up. The noise that would be generated right next to my house would increase. And a lack of privacy to my private property. I would need to see the full plans for the site. I think this is not a very good idea. Also has the potential to devalue my house price. I live at trem-elwy

RESULTS

— 16 YES
 — 13 NO
 — 4 MAYBE

6	Daily	No	Cleanliness	No	Never	No	I am a current resident at of trem elwy (next to the supposed planning) I have lived at here for the last 8 years, the council let the grass grow over in the corner to stop antisocial behaviour. It has worked perfectly ever since the did that, I think that if there was a park to be put into action would bring problems including, cleanliness, noise, antisocial behaviour and many many more problems. The public bins have an issue with not being emptied enough, especially dog poo bins. i'd like to see the full plans and know how often the bins would be cleaned.
7	Daily	Yes		Yes	Yes	Yes	I feel this would be a great addition to the community
8	Daily	Yes		Yes	Yes	Yes	
9	Daily	Maybe		Yes	Never	Maybe	Parking on Bronwen Avenue has a restaurant dent of this street we constantly get cars parked everywhere and no concern for the residents of the street . Although you have free car park . If you go a head with the dog park this will only bring more vehicles on bronwen avenue and section of this street is private . So my concern is what will you put in place for the street to stop people blocking drives up . It's only a little a street has it is . Sometimes it's hard to even turn on to the street , from people using the park and bowling green .
10	Never	Maybe		No		Maybe	We live in the property that it will back onto and the field was rough plowed as we had a lot of trouble and abuse from people losing balls into our garden, my concern is that it looks like you intend to have it against our wall and that we will once again have dog balls coming over so our doorbell constantly ringing. Also will a gap between left between the proposed fence and our wall ? The final concern is traffic as our road / driveways are getting blocked due to bowling + park users abandoning cars without thought about residents and this I believe will increase and this is a private road
11	Daily	Yes	Cleanliness	Yes	Never	Yes	
12	Daily	Yes		Yes		Yes	Brilliant idea, as we often drive to another estate to use similar facilities
13	Daily	Yes		Yes	Never	Yes	Excellent idea would use all time!
14	Weekly	Yes	Cleanliness	Yes	Yes	Yes	We used the designated dog park on owain glyndwr almost daily and it is perfect so this would be a brilliant addition!
15	Daily	Yes		Yes	Rarely	Yes	
16	Daily	Maybe	Cleanliness	Yes	Never	Yes	My only concerns are people using Bronwen Avenue as a car park. It's bad enough now with the park and bowling, inconsiderate people block you in and go off for hours.
17	Daily	Yes	Cleanliness	Yes			
18	Daily	Yes		Yes	Yes	Yes	This is an excellent idea and I would definitely support this development. I live in Bodelwyddan Avenue and have both a dog and two young children and use this park daily and sometimes multiple times a day.
19	Daily	Yes	Safety for children or non-dog users	Yes	Rarely	Yes	

20	Daily	Yes	Cleanliness	Yes	Occasionally	No	I think the area proposed would be too small. It needs to be totally separate from the children's play park. Clwyd Park residents have a field where they can exercise their dogs and this is what is needed here too .
21	Daily	Yes		Yes	Yes	Yes	
22	Daily	Yes		Yes	Yes	Yes	i think it would b a great idea
23	Daily	No	Cleanliness	No	Never	Maybe	Totally insufficient space for exercising dogs.
24	Daily	No	Cleanliness	No	Occasionally	No	Where will users park their cars? Who will monitor and maintain the space, and keep it clean? Who will manage the noise from multiple dogs in a small enclosed area? How will residents' privacy and security be maintained?
25	Daily	No	Cleanliness	No	Yes	No	What if dog escapes and goes for my 4year old daughter
26	Daily	Yes		Yes			I think this is an excellent idea providing people don't hog it for long periods of time. Hopefully the teenagers who hang about the park would treat it with respect. The provision of dog poo bins would hopefully encourage people to put the poo in the bin. As a very local dog owner but with no children I would very much support this proposal.
27	Daily	No	Cleanliness	No	Yes	No	I have concerns regarding the location as I live close by and am concerned about the cleanliness of the area, who will ensure this is being cleaned? how often? will there be dog bins? how often will they be emptied? I am also concerned as the area is often used by children to play ball games outside, will this be impacted? What will this fence be made out of? how high will the fence be? Will the surrounding houses be informed of when this is happening as it is very close to one of the houses? Will their fence be used as a border or will another one be put in place? how far away from the original fence?
28	Daily	No	Cleanliness	No	Never	No	Some irresponsible dog owners don't clean up after their dog on the park now, a designated area for dogs will just be full of dog excrement & who would want to exercise their dog in that?? But knowing the council they'll go ahead with it!
29	Daily	Maybe	Noise	Yes	Yes	Yes	
30	Weekly	No	Safety for children or non-dog users	No	Occasionally	No	Even if it is fenced in, if a child or adult is scared/terrified of dogs, they are not going to feel safe at the children's park. This type of dog park should be located well away from a children's parks. Children don't have many open spaces to play safely in this area and to take away this one for dogs is very unfair.

31	Monthly	No	Noise	No	Never	Maybe	I am concerned about the parking in the entrance Road, the noise and unsociable behaviour
32	Weekly	No	Impact on other park users	No	Yes	No	No matter if the area is secure, the fact that the dogs are there is frightening for adults and children who are fearful of dogs. There are few enough areas for children to play, where they feel safe and secure without using them for dogs! Place dog areas away from children's playgrounds.
33	Daily	No	Cleanliness	No	Yes	No	Concerns - Noise, cleanliness, safety for pedestrians/children. Questions Who is responsible for cleaning the area? How would noise be controlled for surrounding houses? What if someone brings a vicious dog and it attacks another dog, child/adult?
