Subject: Inclusive Swing seat request

Hi Dylan,
Hope all is well.

Cllr Nigel Smith has made enquiries about the provision of an inclusive swing seat for playgrounds in Towyn and Kinmel Bay.

I have done some research as we have, until now, only installed basket swings which can be used by children of any ability and are fully inclusive i.e. able-bodies and less able-bodied children can play together on them.

We have also had concerns that some designs of inclusive seats, especially with retaining straps, need to be used under-supervision by a trained carer.

However, we have found a swing seat designed by Kompan that can be used without supervision. We have also checked with our independent inspection company that these are suitable for unsupervised play.

These are £1630 + vat (not including delivery)

I have requested a quote from our Kompan sales representative.

There are cheaper options available from Fenland Leisure, but these are usually not as good quality as Kompan.

These can be installed in a 2.5m high Kompan swing frame replacing a standard flat swing seat. (See attached).

They are not suitable for the smaller swing frames we have in Kinmel Bay Bowling Green. They would however fit the swing frame in Tir Prince Junior play area.

Please let me know if you want me to place an order.

I have also made enquiries for replacement hand grips for the outdoor gym equipment in Tir Prince. I'm waiting on a quote for these.

Kind regards

David Dudley
