Subject: RE: Play equipment

Bore da,

This sounds like a lovely project. It would be very well used. We've got at least 10 children with additional learning needs who would benefit from inclusive swings.

Let us know if we can do anything to help

Good morning,

Hope you both are well.

The Town Council is exploring the possibility of funding a inclusive swing set for Tir Prince Park, and im trying to gather some evidence of need to present to the members and I was wondering do you have any children that would benefit from this swing?

Kind regards

Kath

EVIDENCE - YSGOL

MAES OWEN

Hi Kath

I hope this is what you are looking for regarding evidence?

Between 20 and 25% of our learners fit in to the following groups:

- have an Individual Development Plan for Additional Learning Needs
- have a diagnosis of ASD or ADHD
- are on the waiting list for a neurodevelopmental assessment
- have sensory needs
- supported by the Family Centre or the Local Integrated Family Team

Kind regards

Mrs Michelle O'Connor
(Deputy Headteacher/ALNCO at Ysgol Maes Owen)

Hi Michelle, without breaching any GDPR....please can you share the approximate number of children that may benefit from this as it sounds like a great idea. Thanks 😊

Kind regards,
Catrin Foulkes
