Subject: Defibrillator

Hi Dylan,

[REDACTED] Sandy Cove Club has asked that the Town Council look at contributing towards the costs and installation of a Defibrillator on their property, this would cover the area north of the railway line and south of A548 coast road,

This installation which they have £500 to contribute towards would benefit over a hundred properties and an estimated 250 residents and will be installed at the front of their property, while I understand the Sandy Cove estate have one this is located at the back of the shop and crossing the A548 can be a real issue.

Looking to the east we have one either side of the A548 coast road positioned on the Resource Centre and the Kinmel Bay Club serving residents living north & south of the road, for this reason I would like it putting on the agenda that we support this grant application for £900 funding towards the costs.

Regards,

Nigel.
