Subject: Sandy Cove

Dear Sir /Madam,
My name is Bernadette Norman, I am the current secretary of the Sandy Cove Residents association. Following many meetings and lots of disappointment about the decisions made about making the infrastructure of the estate safe for residents to use; we have discussed the possibility of the whole estate being subject to a compulsory charge on the properties. We realise that there will be money to repay but this needs to be clearly explained to all residents. I hope you will give this suggestion some serious consideration. I await your response
Kind regards, Bernadette Norman
