Hi Dylan,

The Chair and Secretary of SCRA pre-approved the draft and since the last meeting I have met with them at length and their view appears unchanged (previous email). I believe they will attend this evening and their view is most important, living on the cove and managing the residents association for many years.

I have submitted a draft as requested, if it is to be changed we need alternative text not simply criticism of existing text. If necessary I suggest a small working party including SCRA sit down and devise an acceptable version.

Kind regards,

Barry
