Subject: FW: Proposed Installation of Additional Bus Shelters

Sorry meant to say that this is the shelter style quoted but I've suggested we have it in green to tie in with the others.

Contractor doesn't think there will be any TM costs but that isn't guaranteed.

Subject: RE: Proposed Installation of Additional Bus Shelters

Hi Dylan,

Yes I have included the details of the quote below. Please note that this will not include the streetworks cost which I would estimate to be in the region of £1,500.00. They won't apply for the relevant licences until

£1500
4345-
£175
£695

£6715

the order is placed and so the best I can do is give an estimate. It could be far less but I'd rather give you the worst case scenario. If you want to go ahead let me know and I will place the order. I have another shelter in for installation on 10th September so I may be able to piggy back onto that rather than wait for another date.

Shelter Specification:

- Stainless steel framework (60mm square profile)
- Solid Composite Roof with a 2-degree pitch standard size
- Toughened Glazing panels with double midbars
- 1.5m Freestanding seat
- 200 mm windbreak end panels
- Fully Powder coated to RAL 6028

Total Shelter price: **£ 4345.00.00 each**

Delivery to site from CW12 4PP: **£ 175.00 each**

Installation: **£ 695.00 each**

All prices are excluding VAT which will be charged at point of invoice.
