Dear Katherine

PROJECT TITLE: Implementation of Solar LED streetlights within Tir Prince Park

ORGANISATION NAME: Towyn and Kinmel Bay Town Council

PROJECT REFERENCE NUMBER: GYM/739/24/C

I am pleased to inform you that your application to Gwynt y Môr community fund has been successful. **We are awarding a sum of £9,000.00 against a total project cost of £12,270.00. This offer is made subject to sufficient funding being available once all preconditions have been met, which are as follows:**

1. The panel wanted further clarification as to the positioning of the lights and the exact number that would be required in more detail. If further lights are required, please contact us with the additional number and associated costs by the date shown below.

Once pre-conditions have been met, a Grant Acceptance Form will be sent to you and must be signed and returned to CVSC. **This offer is valid until 28th February 2025**, if there are problems meeting the pre-conditions within this timescale, you must contact us immediately. Grant funding can only be spent against items / programmes identified within the application **and no monies should be spent before the preconditions are met.**

For further help or advice please contact the grants team on:
01492 523845 or email: grants@cvsc.org.uk

Your application **will be monitored** based on details set out in your application, and form the primary project outcomes as follows:

- The community will benefit from enhanced safety, visibility and security whilst walking through the park. Children and parents will benefit from illuminated pathways to and from school.
- Short term benefits include they are low maintenance and use a constant energy source as they are powered by daylight.
- Long-term using a renewable fuel such as solar saves our environment and preserves energy resources as they are eco-friendly and reduce carbon footprints.

This offer is also subject to your acceptance of the following conditions:

- 1) No funding can be spent on activity contrary to the interests of wind farms / renewable energy, the company or group company.
- 2) You agree to send any materials produced that relate to Energy to us for sign off / approval prior to publishing.
- 3) The project start and finish date are as stated in the application unless an alternative date is agreed with a CVSC officer.
- 4) You agree to provide information as required as part of any ongoing project monitoring
- 5) You agree to submit a brief monitoring / financial report / invoices / receipts upon completion of your project.
- 6) You agree to issue a press release announcing the award you have received from the Gwynt y Môr Wind Farm Fund and RWE.
- 7) You agree to acknowledge and publicise the Gwynt y Môr Wind Farm Fund **@GwyntymorCF**, **@RWE_UK** and **@conwyvol (CVSC)** on social media and include the Gwynt y Môr Wind Farm logo on all marketing material, webpages and other means to be communicated.

Please get in touch once the preconditions of grant have been fulfilled. Once again, sincere congratulations and we wish you all the very best with the project.

Yours sincerely,

Aled Roberts
Senior Grants Officer
