Costings for Holiday Provision 2025-26:

We would like to propose that you consider buying into year round provision where your community will receive weekly sessions across the whole school year, we are able to run these sessions at a slightly reduced rate due to the longevity of the provision.

This will also support any decisions Welsh Government take regarding the mapping of the school year and holidays in future. The Play Development team feel that the consistency of provision during all school holidays will better support families in your community.

The cost for 10 play sessions during the year £2,325.

**(This includes 2 sessions in Easter, 1 session during May half term, 5 summer sessions, 1 session in October Half Term, 1 session in February half term)-
Councils may have as many locations as they would like.**

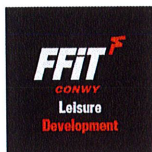

The offer for provision for Summer 2025 are as follows:

The cost for 5 play sessions during the summer holidays £1,400.

The Play Development are on hand to discuss any queries, provide further information and to run funding searches for your community to support the implementation of provision. There are several grants currently active which your organisation may be able to access to support funding provision. The Play Development team are on hand to help with any applications and have community feedback from previous years to also support any grant applications.

If you could consider your councils position in regards to provision for 2025/2026 and contact the team prior to **January 31st 2025 to enable us to plan and prepare for the year ahead.**

Your Sincerely,

Nathania Minard – Senior Play Officer
